Welcome to the County Superintendent’s Show!

Students in grades K-12 were invited to submit artworks. This year, we are proud to announce that there were over 100 artworks submitted.

Art teachers worked with schools that do not have a full-time visual art teacher to encourage participation from all schools. At the county level, a panel of judges selected winners for each grade level and category. There are two categories: Artwork in Category 1 are created using traditional art media, while Category 2 is made of photography and digital art.

Based on the judges’ scores, 20 artworks, 10 from grades K-2 and 10 from grades 7-12 will represent our school system at the State Superintendent’s Show in Montgomery.

Thank you for coming to our virtual art show and supporting our talented and creative students in St. Clair County. Enjoy!
