

Name: _____

Teacher: _____

E Learning Menu (3rd/4th)

Select at least one activity from each subject to complete. When you complete it, place an X over that square (a minimum of 4 activities—1 for each subject--must be completed). You should attach your work to the menu and turn in to your teacher when you return to school. Some online activities may require paper/pencil responses. Students should have any log-in information in their binder. Please read directions carefully!

Reading/ELA/ Writing	Math	Social Studies	Science
Write a story using last week's vocabulary or spelling words.	Problem Solving The total cost of a pair of shoes and a hoodie is \$150. The hoodie costs \$100 more than the pair of shoes. How much is each item? Show your work (how you got the answer).	Writing Activity: What does it mean to be a good citizen at school? (At least one paragraph with 5 or more sentences)	Get a tub of water. Find 6 items you think will sink or float. Make a T-chart and predict which item will sink and float and why. Test your hypothesis and write down your results. How many of your predictions were correct? Why? The ones that were incorrect, why do you think you were wrong?
Create an ad using your vocabulary words from last week. Use at least 3 of them.	Place Value A number has 8 ones and 2 fewer tens than ones. What is the number?	Last Week's Character Trait: Generosity What is generosity and list at least 3 ways to show it at school. Choose one way to commit to doing.	Observe the day at least 3 different times (at least 3 hours between). Write down the times you observe. What do you notice about how it feels throughout the day? If the sun is out, what do you notice about it?
