

Honors English 9

Summer Assignment

1 - MHS School-wide Reading

Choose one of the books on the MHS Summer Reading List to read, and read it. There will be a reading test the first week of school. If you wish to read more than one book on the list, you may take tests on multiple books.

2 - Terms to Know

Follow the link to the list of literary terms. Create 3x5 index cards for the literary terms on the list. Make them flashcard style with a term on one side and the definition on the reverse side.

I have provided you with definitions for the terms. Under each definition, it is your responsibility to add an EXAMPLE of each term. Underneath the definition for simile, for example, you might write "sharp as a tack."
